

# Possibilities

## Papas Fritas

There he was a tanker and I was at work  
Time I thought about eating muscle is the time I felt like a jerk  
Now that's a dude who'll tell you "We could build a car"  
Where backseats are for driving and frontseats are for stars

You've got a lot to learn about me  
You've got a lot to learn about Possibilities  
Probability  
Prospectability

So here we are at showtime and I'm throwing up the walls  
Climbing over bridges so we can jump the falls  
Now what good would it do you if I could get to Newark?  
Chances are you're new here cause you're still buying free beer

You've got a shadow I can't see  
You thought of one and then found three  
You've got a lot to learn about
