Charlee Remitz

I've been replaced by some busy body in the lobby
she ain't a whore
cause you say she got some hobbies
yeah you say she got some chores
Zip your face into your coat
everybody knows
you is hollow and cold like them unpacked bowlsYou bought a mansion with a roundabout
filled the garage with some shiny toys that got three ways out
Milwaukee condo with a view
of the clouds and the coverage and the write-off tooBut I'm inked cause I'm rebelling you
You make assumptions so I'll make some too
You replaced me with them BMWs
replaced me with a BMWOoo
Ooo
Ooo
You replaced me with them BMWs
replaced me with a BMWAnd now I'm kickin' fallen crabapples around your yard
cause I wouldn't dare come inside it's way too dark
I'll wait
for my brother in the car
where I'm safe
from your ever present judgment of my heartAnd now I'm scratchin' the Xs and Os
from the watch that you tried to engrave with a false sense of hope
that I'd see the light of day
go to college
play some golf
meet a boy
fall in love
get engagedBut I'm inked cause I'm rebelling you
You make assumptions so I'll make some too
You replaced me with them BMWs
replaced me with a BMWOoo
Ooo
Ooo
You replaced me with them BMWs
replaced me with a BMW
Ooo
Ooo
Ooo

You replaced me with them BMWs
replaced me with a BMWI'm sorry I couldn't brave it
I tried my hardest to fake it
My dreams became so basic
all cause you couldn't face it
(Face it, face it, face it)They all wanted to change you
I only wanted to save youBut I'm inked cause I'm rebelling you
You make assumptions so I'll make some too
You replaced me with them BMWs
replaced me with a BMWOoo
Ooo
Ooo
You replaced me with them BMWs
replaced me with a BMW
Ooo
Ooo
Ooo
You replaced me with them BMWs
replaced me with a BMW
