

Keep The Party Alive

Family Force 5

Keep the party alive.
Hey, where my people at?
How come ya?ll ain?t movin yet?
Your party is a zero. Your party needs a hero.
Why you playin that song? Let me get my iPhone.
Move ova, DJ. Ima get my playlist on. Hey!
Step up in the club, like a thug. People know me.
Superstar status on the floor, you can?t control me.
P-A-R-T-Y. We love to party, live to party, keep the party alive. (Boo ya!)
We keep the party alive. (Keep the party alive)
We stayin up all night. (Stayin up all night)
It goes on and on til the break of dawn.
We keep the party alive. (Keep the party alive)
Everybody knows that I?ll get your girl to holla back. (Hey!)
I?m like a kamikaze, surprise attack. Rat tat tat.
Step up in the club, like a thug. People know me.
Superstar status on the ? We keep the party alive.
We keep the party alive. (Keep the party alive)
We stayin up all night. (Stayin up all night)

It goes on and on til the break of dawn.
We keep the party alive. (Keep the party alive)
Don?t tell us when the sun comes up,
Cuz we?re all here chanting ?Let?s keep dancing!?
No time to be tripping out because the clock says ?Hi!?
Keep the party alive, yeah!

Keep the party alive, we keep the party alive. (Keep the party alive)
We keep the party alive. (Keep the party alive)
We stayin up all night. (Stayin up all night)
We party on and on, we ain?t goin home.
We keep the party alive, keep the party alive.
We keep the party alive, keep the party alive.
We stayin up all night. (Stayin up all night)
We party on and on, we ain?t going home.
We keep the party alive, keep the party alive.
We keep the party alive, keep the party alive.
We stayin up all night. (Stayin up all night)
It goes on and on til the break of dawn.
We keep the party alive. (Keep the party alive)

Keep the party alive.
Keep the party alive.
Keep the party alive.
