

# Hard Working Man

## Jimmy Rogers

Daddy was a gambler, he spent his life taking risks  
He worked hard with that hammer, made a living with clenched fists  
Mama always cried for the things that he'd done  
He got his loving on the run

Daddy was a gambler, he was a hard working man  
Hard working man

Made it clear that he was blue collar  
He worked hard for that mighty dollar  
Mama always cried for the things that he'd done  
He gave his loving on the run

Daddy was a gambler, he was a hard working man  
Hard working man

Hard working man  
Hard working man  
Hard working man  
Hard working man
