

Riders of the Storm (One Crimson Night)

HammerFall

Sight a brand new horizon
Ascending from the hearts of those who couldn't see
The decline of man, the final stage of warSpectral forces of mankind
We're all trapped inside the core of the machine
Our time has come to find a way back homeWe seek our destiny in thee
In the eye of the storm
A genesis is born, rebornRiders of the storm - one with the wind, defenders of
creation
Riders of the storm - aligned with the sunPhantom powers rule the earth
Descending down, controlling you and me
What is left to see, is it all but a dreamOn the inside looking out
Kept within a cage, behind a false facade
They can't keep us down cause our strength is our willWe dream of a genesis reborn
Where our spirits fly free
Let us choose our own destinyRiders of the storm - one with the wind, defenders of
creation
Riders of the storm - aligned with the sunSpeak the word of Nemesis
Call for thunder call for rain
Let us meet our Genesis
Save us from the unholy painRiders of the storm - one with the wind, defenders of
creation
Riders of the storm - aligned with the sun
