Life Support

Sam Smith

I've been sleeping with the lights on
'Cause the darkness is surrounding you
This is my world, this is my choice
And you're the drug that gets me throughI've been waiting for an answer
Because I built this bed for two
I'm just waiting on your answer
I built this bed for me and youCould you see that I am yours?
So will you be my life support?
You're my life supportSick of waking up in darkness
When the sky is always painted blue
There's a method to my madness
It's clear that you don't have a clueI've been waiting for an answer
Because I built this bed for two
I'm just waiting on your answer
I built this bed for me and youCould you see that I am yours?
So will you be my life support?
You're my life supportCan't you see that I am yours?
So will you be my life support?
I've been sleeping with the lights on
'Cause the darkness is surrounding you
