

Stay The Same

Idlewild

It sometimes happens
It always happens to me
But then always isn't a word I use
Always isn't a word I chose
When I know that this won't survive much longer
Unless we alter what we have
But then again survival
Is not why we should stay the same
If we can't be the same
We won't stay the same
Our similar thoughts will never let us stay the same
If we can't be the same
We won't stay the same
If we retain you know that
I won't be much help to you
If it won't happen the way
That you've always planned it just so you could become
More interesting
This time for a purpose
Only now I know the purpose
And I know that what is here will not be here much longer
Unless we alter what we have
Or alter what we don't have
What we won't have
What we've never seemed to have
What we try to have
We fail to have
And all of this was just so we won't stay the same
If we can't be the same
We won't stay the same
Our similar thoughts will never let us stay the same
If we can't be the same
We won't stay the same
Just because we think we are the same
It's just so we won't, stay the same
If we can't be the same
We won't stay the same
When we believe we are not the same
