## Gucci Mane

Wake up this morning with some mother fucking blessing  
Got my AK . stressing went to the kitchen  
. weapon up the part try to come out with some extra  
. aint no pressure give it 38 special  
. mother fucker . example everyone want a photo  
Cause she says she like my clothes  
I made a hundred thousand got more block  
Than the whole thing to blow a nigger .  
Wake up this morning with some mother fucking blessing  
Got my AK . stressing went to the kitchen  
. weapon up the part try to come out with some extra  
.Gucci is my name so you know energy invasion  
48 the pill . ok 48 amaze me . race me  
I fuck with the problems  
I aint with the murders .  
Wake up this morning with some mother fucking blessing  
Got my AK . stressing went to the kitchen  
. weapon up the part try to come out with some extra  
Wake up this morning with some mother fucking blessing  
Got my AK . stressing went to the kitchen  
. weapon up the part try to come out with some extra  
I would be getting money since the mother fucker .  
You know I got the . and a couple cushes . one already in the head  
. keep it real with you . on a vehicle spend a couple bocks  
Fuck some bad bitches pop a pill or two  
. be thankful for what you got my nigger  
Is a blessing  
Wake up this morning with some mother fucking blessing  
Got my AK . stressing went to the kitchen  
. weapon up the part try to come out with some extra
