Pistol packin, never slackin, bitch killa
Pistol packin, never slackin, bitch smackin killaAs I slip into the back of my mind

The crime is a murder heard you fuckin with my nig
The magnum's gonna serve ya, bitch I'm fixin to split your wig
I'm thinkin out ways to get lose without a trace
You see without a pistol man they do not have a case
Erasin a fool wait until he leaves the house
Walkin around his corner ride by and takin him out
the box on the blocks police ride up on the scene
witnesses saw the shots and I know they heard her scream
Redeem me the testimonies would not even last
In court because everybody they saw wore a mask
The blast from the gun was the hollow point tips
the kind that leave you dead in a damn perfect hit
I trips off a fool tryin me on the for realla

He's fuckin with a pistol packin, bitch smackin killaChorus 4xAs I ride through the hood with some undisputed

Well ever stoked out best we leave with no doubt
Ridin through the other side ready to take a punk out
Assed out sucker types you gonna learn your lesson
Let me see your gangsta friends shootin Smith and Wessons
Testin the clan just to see if you can get enough

So whassup with your posse with your fuckin game punk
Fuckin with these hitmen you gonna get your ass dumped
Pop the trunk, get your pump, let's see what you made of
Watch me kill a bitch with a .38 bullet slug
Sell your drugs I don't care if you a dope dealer
Best pack a pistol bitch cause I'm a killerChorus 2xYou say I need to take care of my business
