Love In The Danger Zone

Warlock

Fear in the night
Broken dreams - wrapped in starlight
Our love is dead..
I cannot feel - my mind
I cannot feel - who's wrong or right
It's you or me, the strategy
We know oh so well
The battle-field lies deep down in our hearts
Cold as hell
No compromise - we burn the last bridges down
D'you feel all right?
We're drowning in blood, sweat and tears
When love turns to fear
We gonna shoot it out
Between you and me
When hearts turn to stone
Love's in the danger zone
Stiletto heels - run for your life

Shoot me down in flames
Kill my alibis..
When we're talking every word is an act of war
When I call out your name in the night
I hear the sound of the master's voice
We gonna shoot it out
Between you and me
When hearts turn to stone
Love's in the danger zone
We gonna shoot it out
Between you and me..
We gonna shoot it out
Between you and me
When hearts turn to stone
Love's in the danger zone
We gonna shoot it out
Between you and me
We gonna shoot it out
Love's in the danger zone
