

# The Princess of Hollywood Way

[Gary Jules](#)

I've been there - believe me  
Crimes committed are unintentional  
After the party we all went home alone  
All the industry boys were still laughing and drinking  
When I tumbled out of the place  
And up on the wall  
The princess of Hollywood wayThe witton house is empty  
Autumn came again and everyone scattered  
Maybe it's better  
If we don't have that last place to go  
Well you said that you'd call  
When you got your new number  
I guess you've gone under again  
There's room at the bar  
For the princess of Hollywood wayWine and forgiveness were all that we had  
Wine and forgiveness are all that I need"Go to bed" she said, "I can stand you  
And that's the only thing that we have in common
