

# Trail Of Broken Hearts (Album Version)

## DragonForce

Here we are, far beyond the distant sky  
Seen all the world and how the story will be over  
Through the snow and tainted mountains we have climbed  
Now we have found the light that guides us over  
Through the falling rain we travelled far and wide  
And through the blackest darkness, stars above shining bright  
Through the sun and winter rain will fall  
All our lives we all were waiting for a sign to call  
We're walking hand in hand in dreams of endless time  
How do we know when we will leave this life behind?  
Stare at life through eyes of mine  
The hate, the fear and the pain  
There's a feeling held deep inside  
When life you live is in vain  
Fly away down the lonely roads of yesterday  
We close our eyes to see the light of brighther days  
And all alone we'll be where time can never heal  
With the trail of broken hearts flying free  
Once again we walk this lonely road  
There are times that we were wading through the rain and cold  
We're lost in memories of what we left behind  
Relive the dreams, the endless screams of pain inside  
Lives are filled with emptiness  
The fear returns once again  
Searching endlessly, now we will see  
Drown your mind in the pain  
Fly away down the lonely roads of yesterday  
We close our eyes to see the light of brighther days  
And all alone we'll be where time can never heal  
With the trail of broken hearts flying free  
The last temptation will be all that's left for me  
When I see those tears you cried  
When I hear those lies you lied  
When I feel all creation now falling down on me  
Is this the reason to be?  
Fly away down the lonely roads of yesterday  
We close our eyes to see the light of brighter days  
And all alone we'll be where time can never heal  
With the trail of broken hearts flying free
