

# Heartbreak Down

## Pink

I like to think that i'm a pretty good kisser  
I like to think I maybe broke a few hearts  
But since I met you I'm a victim of disaster  
I like to think I got it down to an art  
So here's where the problem starts  
You're shitting on my heart  
Oh I can't take it again and again and again  
All I wanted from you  
Was a night maybe two  
You beat me at my own game  
No, it's not okay  
I'm the one that's missing out  
All I needed to do  
Was get just a taste of you  
And now I'm sick all in my head  
You poisoned me instead  
Trust me, trust me, I think I got heartbreak down  
I like to wake and go to bed around whenever  
I like to maybe come and go when I choose  
But now I'm waiting for a text, call, whatever  
What's gotten into me, besides you (Oops!)  
You're like a rush, you're like a drug, it's just the sight of you  
I like to think that I could kick you but it's what you do  
When you wink at me  
What's the lord think of me  
For being so fucking weak, I find it hard for me to breathe  
So here's where my story ends

I got to make amends  
I let me down  
Again and again and again and again  
All I wanted from you  
Was a night maybe two  
You beat me at my own game  
No, it's not okay  
I'm the one that's missing out  
All I needed to do  
Was get just a taste of you  
And now I'm sick all in my head

You poisoned me instead  
Trust me, trust me, I think I got heartbreak down  
Here's what we have to do  
Stay together, keep it true  
Can't be strong too late for cool  
I won't live without you  
(You are not rid of me!)  
All I wanted from you  
Was a night maybe two  
You beat me at my own game  
No, it's not okay  
I'm the one that's missing out  
All I needed to do  
Was get just a taste of you  
And now I'm sick all in my head  
You poisoned me instead  
Trust me, trust me, I think I got heartbreak down
