Sweetchops

(Hed) P. E.

Give it all you got
Give it all you got
Me, me, me so horney
Aw baby I like it, (I like it)
I love it, (I love it)
Give it all you got
Give it all you got
I just can't get enough of that
I just can't get enough of that
I just can't get enough of that
I just can't get enough of that
No
She's in control yeah
She's a ?? So she will
Roll you over if you get in her way
Yeah it's a cold hard night but the
Rain is over yeah she's slowly walking over
But will she go my way
Move a little closer I want what I see
If you look a little closer you'll see the hero in me
Yeah mamma I like it, (I like it)
I love it, (I love it)
Look a little closer and see the winner in me
I just can't get enough of that
I just can't get enough of that
I just can't get enough of that
No
Hey shorty take a ride with me
Shorty take a chance get high with me
Shorty if it were up to me
We'd sip in style in the V.I.P.
But shorty I don't give a fuck
Yeah I'm a rider I stay punk rock
Shorty I got the master plan

Shorty you got style I wanna be your man
Move a little closer I want what I see
If you look a little closer you'll see the hero in me
Yeah mamma I like it, (I like it)

I love it, (I love it)
Look a little closer and see the winner in me
Turn it up (come on)
Me so horney
Give it all you got
Give it all you got
Get up uh
Give it all you got
Get up uh
Give it all you got
Yeah give it a rise I see that lane
Block for me lets win this game
It feels good to be back in the ring
I lace 'em up back 'em up hit 'em up now
UHHH I can't get enough of that
UHHH get down I get back up with that
UHHH he gets the rock with 2 on the clock
And that's 2, 1
He shoots it
(Buzzer) it's good
They win the game ladies and gentleman
I love this game anything can happen
I like it (I like it)
I love it (I love it)
Look a little closer and see the winner in me
Move a little closer I want what I see
If you look a little closer you'll the see hero in me
Yeah mamma I like it, (I like it)
I love it, (I love it)
Look a little closer...
And see the winner in me
