Ape Dos Mil

Glassjaw

Yeah it's over, you can bet in mid-October
I will still be ranting 'bout most early May
Yeah he's a winner, he's a goddamn sinnerWhile he dines I'm on the wrong side of the day.
And I said, "I don't understand why I'm fumbling after"
You're the reason I cannot forget this season
Or the letter when you first referred to eight and I saidIt's all calypso but it's not easy to know
You walk around with your shoulders down frowning
It's not easy to knowYeah it's over, you can bet when mid-October ends
I'll still be ranting 'bout most early May
See yeah, he's a winner, he's a goddamn sinner
While he dines I'm on the wrong side of the dayAnd I said, "I don't understand why I'm fumbling after"
Yeah, you're the reason I cannot forget this season
Or the lesson how an ape shall not kill apeAnd I said, it's all calypso but it's not easy to know
You walk around with your shoulders down frowning
But it's not easy to know
It's just a tango but it's not easy, you show
I walk around with my horns out now but it's not easy to knowI'm, I'm, I'm, I'm
I'm going under
I'm going under
I'm going underYou can't trust a man who's a governor
Ape can't trust man
You can't trust a man with a gun at all
Ape can't trust man
You can't trust meIt's all calypso but it's not easy to know
You walk around with your shoulders down frowning
It's not easy to know
It's just a tango but it's not easy, you show
I walk around with my horns out now but it's not easy to knowHow could you heal?
If you don't ease back the blame
Knowing you're right, won't you heal?
How could you heal?
If you don't ease back the blame
Knowing you're right, won't you heal?
