Forgive Me

Ellie Campbell

I did you wrong,i'm sorry baby
So come on over and let me make it up to you
Like the way that you know I can do
I can see it in your eyes you're needing me
Baby like the way I'm needing you
I'll admit I was a fool to break it all down,yes
And call it a day(wow wow)
And now I've learnt by my mistakes
This time it will be right
And I promise you baby I won't let you get away
Forgive me, I'll take you for a ride
We don't glide to ecstasy
Please forgive me
Don't want to be away another day from you
Please forgive me
I'll be honest baby,i've been yearning for you
Since you've been gone
I've missed all the things that I do for you
And the things that you do for me too
I keep thinking about all the things you said
It's been driving me out of my head
I'll admit I was a fool to break it all down(yes)
And call it a day
And now I've learnt by my mistakes

This time it will be right
I promise you baby I won't let you get away
Forgive me,i'll take you for a ride
We don't glide to ecstasy
Please forgive me
Don't want to be away another day from you
Please forgive me
Oh oh yeah
Won't you forgive me,baby yeah
I want you to forgive me,baby
Come to me darling
I'll wipe all your tears away for you
Let's forget about the past
It's time for the revival

Believe me baby it's true
Oooh,yeah
Forgive me,i'll take you for a ride
We don't glide (ohhhh)
Please forgive me(baby)
Don't want to be away another day from you(ohh)
Forgive me,i'll take you for a ride
We don't glide
Please forgive me
Don't want to be away another day from you
Please forgive me
