

# ...as the Future Repeats Today

## In Flames

There's no place that still remains  
Just deserted space all left in gray  
Why did we lose, the knowledge of time?  
Is this the price, the hell we pay? The poisoned fear known to man  
Is he who try to find his path  
The collective force blaming you  
This is day day we split in half Thrown to the gallow, forgotten and sore  
Sworn to be different in what way I can  
The sultry taste that is special to me  
Is the last gleeful glimpse of a bitter man Down and troubled, in search for better days  
Back to the beginning, I'm at the end  
All my time, compressed to itching moments  
As the future repeats today So impressed, lost the faith in all I had  
Broken down, I'm on my way to be dissolved The hopes and prayers of things to come  
I've lost them all with glory  
Urgent to aim for that short-lived joy  
I see gold in all that lies before me And so we ignore the beggars cup  
Praise your act in the Grand Finale  
Teach the unborn the winners sign  
A welcome grin to the world royal
