Creation

yfriday

The song of all eternity
Resounds through time and space
Bright burning stars and galaxies
Light up in glorious praise

You are amazing God
Amazing God!

Creation sings of Your glory
All that You fashioned
Shouting Your name!
Creator, we give you glory
Lord God almighty
Jesus the life giving word

Dawn breaks into her symphony
High mountains bow in praise
Great oceans roar in harmony
We join the earth to sing

It's all for You my Lord, It's all
It's all for You, it's all for You
