I Will Be Right Here

All 4 One

Wherever you go, whatever you do
Whenever you need me
How can I say how much you've done for me?
How much I have just knowing I had you
You touched my world and I'll never be the same
You touched my heart
And know everything has changed
You are the one in this life I'll remember
Wherever you go, whatever you do
Wherever you are, my heart is with you
No matter how far I'll always be near
Whenever you need me, I will be right here
There'll always be a part of you with me
I hope there'll be a part of me with you
Oh baby, just call my name
And I'll hear you on the wind
Just close your eyes and I'll find you once again
Just know, I'm on your side and remember

Wherever you go, whatever you do
Wherever you are, my heart is with you
No matter how far I'll always be near
Whenever you need me, I will be right here
And when the wind touches you
It will touch me too
And the same star you see
Will be the one that shines on me
I'll be here when you need me, I'll be here any time
Baby, I'm on your side so remember
Wherever you go, whatever you do
Wherever you are
Wherever you go, whatever you do
Wherever you are, my heart is with you
No matter how far I'll always be near
Whenever you need me, I will be right here
I will be right here, I will be right here
