Cab Ride

Tweet

Taxi, take me to his home
I wanna give him all of me 'cause I'm alone
The world is quiet
I wouldn't mind
(I wouldn't mind)
Mere conversation, can you be my ride?
What's your fare?
Yeah
Mister can you take me there?
Can you break above? All I ask you is
Taxi, take me to his home
I wanna give him all of me 'cause I'm alone
Turn the radio down a bit
(Smoking cigarettes)
Would you be so kind to stop at a station
(Kind)
I see the sign 'cause you need some air
Yeah
Mister can you take me there
You can keep the buck, all I ask you is
Taxi, take me to his home
I wanna give him all of me 'cause I'm alone
Taxi, take me to his home
I wanna give him all of me 'cause I'm alone
And I know he's watching the time, yeah yeah
Told him I would make it
Make it, yeah
Just get me there safe
(Get me there safe)
Taxi, take me to his home
I wanna give him all of me 'cause I'm alone
Taxi, take me to his home
I wanna give him all of me 'cause I'm alone
Take me there
