Buried Beneath

Fighting For The Fallen

My eyes have adjusted to dark and so is my heart
The weight of the world has covered me
I'm in over my head, am I living or dead?
Can anyone hear me calling out? I'm calling out
Finally breaking so where are you now
It's been such a long time but I've tried to live without
I'm suffocating, I need you to breathe
So reach down and pull me up, pull me up before I am buried beneath
I built this house on the shore, all I wanted was more
But I felt the sand start shifting
I saw the cracks in the walls, I painted over them all
I tried my best to just ignore, I can't ignore
Finally breaking so where are you now?
It's been such a long time but I've tried to live without
I'm suffocating I need you to breathe
So reach down and pull me up, pull me up before I am buried beneath
Thought I was climbing out but it's dragging me down
What's hidden here with me?
Thought I was alone but it pulls me deeper now
I can't escape
Finally breaking so where are you now?
It's been such a long time but I've tried to live without
I'm suffocating I need you to breathe
So reach down and pull me up, pull me up before I am buried beneath
