Invitation

Byron Cage

Come into this place
Lead us with your grace
We invite you in
How many of you want the present of the Lord in this place.
Do you have anticipation?
Your arrival
God we anticipate tonight you anointed
Your spirited Jesus
In this place, Hallelujah
Your power
Is everyone that needs the Holy Ghost to fall in the room tonight?
Come on sing it your mercy Jesus
We invite you in
So come on and Lift your hands unto heaven right now and say come into this place
Greet us with your grace, hallelujah
Tell them we invite you in Jesus Hallelujah
Now if you want them to come in there make some noise in this place.
Come on somebody
Holy
Come on lord god almighty tonight
We your people will stand in here
We will give you Jesus
Dont know what he is say and you never will unless you ask him
Let begin to open your mouth and evoke the Lord,
Lord rest in our mist of your people do what you desire to do Lord, come on if you want to tell him, come on say, say come on
Free me yeah
You are here Jesus, feeling in, is anybody where today?
Come on
Say Lord
To enter into the comfort of the Lord
Lord, we come to say that you welcome
Into our hearts Lord
Come on
Come on tell him to move freely
Do what you want to do in this place
Say Lord
Come on say it with me tonight
You welcome Jesus

Lord we welcome you into this place
Tell him
Holy
Come on tell him, Lord God almighty in your worship
We honor you
We will
Come on somebody do it tonight
