Vein In Vain

Natalie Maines

Oh God here it comes again
Another day going down
Just make it to tomorrow
Just make it to tomorrow
Vein in Vain
I'm going down slowVein in Vain
Like a needle on a record
Yeah we scratch along
Never saying forever
Love and life on a string
Vein in vain
Gong down slowGoing down slow
Vein in VainDidn't mean to let you down
Didn't mean to let you down again
The body will always win
Yeah the body always wins
There's a hole in my heart
And it's filled with regret
So we settle for shadows
Shadows and silhouettes
Vein in Vain
Going down slow
