

Lover Arrive

Ambrosia

Lover arrive, lover arrive
Take me on wings into your heart
Find a new startOoh
OohLover arrive, lover arrive
Take me from here into your soul
We can be wholeRemember the days
We'd run away
Laughing among all the fieldsYou looked at me
And all I could see
Were your eyes a shinin' so realOhh, li, li, li, li
Ahh, li, li, li, liLover arrive, lover arrive
Take me from here into your heart
Then we can start
