The World Is Grey

Military Arcade

The world is crippled to the core,
It's driving me round the bend,
Spit all the lies on them,
We'll fade away, we'll fade to grey
Don't hide behind those,
We're falling apart on the inside,
Britain is grey, I'll fade away
The world is greyFade away, the world is greyPick up your guns,
It's a call to arms,
I'll run before the swarm,
I'll fade away, the world is grey,
This is a revolution,
It's imminent now,
I'll fade away, I'll fade away,
The world is grey
