

Cherry On Top

Jake Owen

Well, I love the way she dances around
In her underwear
She probably woke the neighbors up by now
Ah, but she don't care
Oh, what a pretty face
Spillin' her wine all over the place
Shaking everything she's got around
Her towel comin' off and her hair comin' down
She's got that look in her eye
She's drivin' me crazy, drivin' me crazy
And I can't believe
She's beautifully, playfully, hopelessly, faithfully mine
She's prettier than all the other girls with no make up on
She's a cupcake, she's a milkshake
She's cool whip, cherry on top
Ah, but not for long
Oh, I'm a lucky guy
For the life of me I don't know why
She loves me but I know she does
'Cause she shows me every time we make love
She's got that look in her eye
She's drivin' me crazy, drivin' me crazy
And I can't believe
She's beautifully, playfully, hopelessly, faithfully mine
Oh yeah, she's mine, all mine
She's got that look in her eye
She's drivin' me crazy, drivin' me crazy
And I can't believe
She's beautifully, playfully, hopelessly, faithfully mine
Oh, yes she's mine, all mine
Yeah, well I love the way she dances around
Oh, she's prettier than all the other girls
She's a cupcake, she's a milkshake
She's cool whip with a cherry on top
