Can't Sleep (feat. T-Pain)

J. Randall

Yeah, I'm famous
I'm famous, yeahBags under my eyes like I'm 35
I need my black shades on me, yeah I need a disguise
Feel like I'm Lohan, smoking
I'm so high, I'm floating away, oh yeahI'm walking slow, sideways with a limp
I need a cane and a hat because bitch, I'm a pimp
Feel like I'm Hilton (that's hot), now tilt it
I might make a sex tape today, alrightI'm up all night and I can't get enough
I wanna go and dance forever, I'm just looking for love
I can't sleep, I don't know what tonight's gonna bring me
Cause I don't wanna close my eyes, I don't wanna miss a thing
Can't sleep, no zs for me, for me
I can't sleep, no, no, no, no, no, no, no
I can't sleep, no, no, no, no, no, no, no
Can't sleep, no zs for me, for meTeddy Pain don't sleep, no never (no never)
Nuvo(?) ain't making it no better (no better)
Too cool, can't wear no sweater (no sweater), no way (no way)
I feel like Flo Rida, every time I turn my head round, round
And the only thing keeping me awake is seeing that booty hit the ground
Can she bring it and back up? Ohh, what is she doing now?
Drop it like boom boom, boom boom pow
Ohh she know what she doing, come on shawty do it
Cause every time you're movin', I get stuck, butI'm up all night and I can't get enough
I wanna go and dance forever, I'm just looking for love
I can't sleep, I don't know what tonight's gonna bring me
Cause I don't wanna close my eyes, I don't wanna miss a thing
Can't sleep, no zs for me, for me
I can't sleep, no, no, no, no, no, no, no
I can't sleep, no, no, no, no, no, no, no
I can't sleep, no zs for me, for meI'm up all night and I can't get enough
I wanna go and dance forever, I'm just looking for love
I can't sleep, I don't know what tonight's gonna bring me
Cause I don't wanna close my eyes, I don't wanna miss a thingI'm up all night and I can't get enough
I wanna go and dance forever, I'm just looking for love
I can't sleep, I don't know what tonight's gonna bring me
Cause I don't wanna close my eyes, I don't wanna miss a thing
Can't sleep, no zs for me, for me
I can't sleep, no, no, no, no, no, no, no
I can't sleep, no, no, no, no, no, no, no

I can't sleep, no zs for me, for me
I can't sleep
