Ljusalfheim

Therion

The shining ones, the elves and fairies,
They act as a thought or a fantasy
are beings of enchanting beauty.
by their splendid light.
You may be lifted on their wings to the highest of skies,
and it could be easy for you to be lead astray
but beware... in the next moment they may let you fall.LJUSALFHEIM
Solar glare from Lord Frej,
- The Shining Ones -the Shining One,in Ljusalfheim he's King of elves.
and in the tarn deep in the wood
High above the rainbowyou'll find elves.
Follow their light
it makes you fly...
it's brighter than sun
you never know what you have seen.In the realm of Alfheim
A pale mirage?
Beauty make you sunblindyou fly away and lose your hug.
it fills your mindFly with their wings
they make you feel so freebut you may fall...
Flee from their light
they'll maybe drag you down
or make you fly...
