

Action

Girlschool

I'm bored
It's a drag
Looking for trouble
Too bad My best friend thinks he's got it made
A big celebrity
He's got money to burn he's all the rage
He's what you call a pig
A smooth operator, cool calculator
Double talking traitor who won't fool me
Can't you see I want action, give me satisfaction
Action You got the money I got the time
So take your chance, honey
I'll take mine
Let's specialize in having fun
C' mon let's make a scene
It's never too late to change your ways
Action guaranteed
No time to lose it we got it and we use it
We're walking talking living rock and roll
C' mon let's go
