

Heroine

Sleeping With Sirens

My eyes roll back
The ceiling fades
I breathe you in
Exalt your flames
But those are might
Come here to me
We're wasting time
Darling can you hear me?(Chorus)
Heroine, my sweetest sin
I can't seem to get enough
Pull me under, wake me up
Feel the rush
Morphine, lover make me numb
Make it so I can't get up
Paper thin
'Til you sink in
Could you be my heroine?Do you feel exposed?
Let your feelings show
Can I taste you, can I replace you?
I need to know
Let's lose our minds
Please stay with me
We're wasting time
Why don't you believe me?(Chorus)
Heroine, my sweetest sin
I can't seem to get enough
Pull me under, wake me up
Feel the rush
Morphine, lover make me numb
Make it so I can't get up
Paper thin
'Til you sink in
Could you be my heroine?It start with the spins
You got me swimming
I've fallen to pieces
I won't be whole 'til you let me in(Chorus)
Heroine, my sweetest sin
I can't seem to get enough
Pull me under, wake me up

Feel the rush
Morphine, lover make me numb
Make it so I can't get up
Paper thin
'Til you sink in
Could you be my heroine?
