The voices in my head cussed at me
I was yelling like a wild animal
I felt like a jackass screaming at the top of my lungs

Jim Simm got on my ass for screaming like a wild animal at Genesis on Western
I freaked out a lot of customers
I also said "suck my dick" in front of a lot of people

I was warned that if I have another psychotic outburst, I would be barred out of Genesis for life
A chronic schizophrenia attack happens every time I speak my word
Then I start screaming
