

# I Want to Save the World

## Weapons

Like a hurricane  
I'm spinning out of control  
Catch my mother's name  
Because my father's getting old  
If my children die  
Will my heart grow cold?  
Don't suffer it  
Don't suffer it  
Don't suffer it  
Play in the cellophane  
As you rise so you will roll  
Sacred and profane  
Who got the devil he sold?  
I'm losing memory  
I'm losing all that I own  
Now the story of my life is told I want to save the world Re-re-re-Revolution  
Violence on the TV  
'Cross the nation  
Resist resist Re-re-re-Revolution  
Dressed up like police  
Running through the city of London  
Destroying the peace Sweeping me by like a Sweeping me by like a  
Keeping me down like a  
Treating me just like an  
Animal (La la la  
La laaaaa la la,) Sweeping me by like a  
Keeping me down like a  
Treating me just like an  
Animal
