Illumine

Karnivool

Don't listen
Don't even hear a sound they make, it breaks you
Unspoken
Words that taunt you when you listen
Forgotten
Words that haunt you while you're sleeping

You seem afraid, don't be alarmed
It's only the face of things to come

Servant to the sun, we are beings, we become as one
Lighting every cell, every shape we will never form
And is it relevant?
Our fears, our faults
As foolish as it sounds

So lead us on (Only one way left)
Through the world of false promise
It's one thing to be forgiven (Only one way left)
Only you could learn how to let it go

So we are

Servant to the sun, let us see, we are still as one

Here lie my fault
I'd give up everything
To see what you see
And dream on

Why can't we dream on?

Don't listen
Don't even hear a sound they make, it breaks you
These words won't help
To save you

Servant to the sun, we are beings, we become as one
Lighting every cell, every shape we will never form

These words won't help
To save you

Servants of the sun, let us see, we are still as one

You seem afraid, don't be alarmed
It's only the face of things to come
