

Pink City

Jennifer Castle

Pink City
Jennifer Castle Oh Europe
Your old gardens
Remind me of
What's new in my life
Imagine a new leaf
On an old swinging vine Oh pink city
Somewhere between
All the sun on your glass
And the all knowing past
I'm finding new
Romance at last
Come the cool
Come the shade
Come the coil
Come the gate Come the friend
Come right in
Bring your love
Never-ending Come the cool
Come the shade
Come the coil
Come the gate Come the friend
Come right in
Bring your love
Ever-changing
Just don't get me started
On all of this rain
Articulate pain When there don't come a day
That could ever seem green
Just like a new day should seem Oh pink city
Somewhere between
All the sun on your glass
And the all knowing past
I'm finding new romance at last
