# Mockingbird

## Allison Moorer

Mockingbird singing a tune
No one knows she's got the blues
Humming alone, singing her song
Like mockingbirds doPaying no mind to the ground
Ain't nothing gonna bring her down
It's just her and the sky
She doesn't ask why, so why do you?Worry, ain't no need to worry
She ain't in a hurry, no
She's right where she needs to beWorry, ain't no need to worry, no, no
She ain't in a hurry
She's right where she needs to beFor watching the world rolling by
Taking her riddance on high
Humming alone, singing her song
She's doing fine
