

# Mockingbird

Allison Moorer

Mockingbird singing a tune  
No one knows she's got the blues  
Humming alone, singing her song  
Like mockingbirds do  
Paying no mind to the ground  
Ain't nothing gonna bring her down  
It's just her and the sky  
She doesn't ask why, so why do you?  
Worry, ain't no need to worry  
She ain't in a hurry, no  
She's right where she needs to be  
Worry, ain't no need to worry, no, no  
She ain't in a hurry  
She's right where she needs to be  
For watching the world rolling by  
Taking her riddance on high  
Humming alone, singing her song  
She's doing fine
