Just Like That

Monrose

Tell me what you know about a girl.
Tell me about it, talk it over.
Its like I've got a habit being hurt.
I should have known better.
But you where so clever, so clever.
I should've known.
Put on a dress that can ease my pain.
Girl you gotta get back in the game.
Gonna feel real sad but act real hard.
Gotta shape it up.
Get a brand new start.
Just like that.
no more you and me.
Just like that.
I'm not your property.
Alle:
Just like that.
A whole new energy.
I did it quit it.
I'm ready to take it all back (x2)
Bet you thought I couldn't find a cure.
Broken hearted when we parted.
I can cry a river that's for sure.
But you should know better.
If you where so clever.
You should've known.
But on a dress that can ease my pain.
Boy im on my way back in the game.
You can act real hard but I'm not so sure.
When you find out there's no open door.

Just like that.
no more you and me.
Just like that.
I'm not your property.
Just like that.
A whole new energy.
I did it quit it.
I'm ready to take it all back (x2)

Ain't impossible, alright.
I'll move on without a fight.
I've cleared my name, I found a cure.
Had to figure this game.
Had to make it pure.
Ain't impossible alright.
I'll move on without a fight.
And just like that.
I clearly see!
Just like that.
no more you and me.
Just like that.
I'm not your property.
Just like that.
A whole new energy.
I did it quit it.
I'm ready to take it all back (x3)
I'm ready to take it all back.
