## **Wild Animals**

## **The Cat Empire**

OooooooooooThere's another world, it's made for us
Trapped in bodies, they're made to rust
It's one that I can break right through
I am ready, how about you?Oooooooooooo

Oooooooooooo See the better part of you
I see the better part of you
But I'm a monster just like you
Wild animals it's trueOooooooooooooo
