I Can Go Go Go

Martin Levac

I know for sure that our love is real and you know that I want to stay
But every now and then youâ€™re fit to be tied and push me out of your way
You donâ€™t have to be rude while I am kind youâ€™re always punching me out
But if you think that Iâ€™m gonna kiss your feet you know you better watch out!

â€˜Cause I can go go go go and carry on without you
Yes I can do do do do whatever I wanna do

And when I think that youâ€™re gonna be thrilled by the things I have to say
I end up swallowing my words â€˜cos you feel that you heard it all in every way
You make me go from happy to angry, I who have always been cool
But I will not give you the power to drag me or making me feel like a fool

â€˜Cause I can go go go go and carry on without you
Yes I can do do do do whatever I wanna do yeah!

I just want you to open your heart and your ears and stay here in my arms
Donâ€™t you worry you got nothing to fear I wonâ€™t do you no harm
Please give us a chance and be kind with me tonight I promise Iâ€™ll do my best
But you gotta calm down and turn off the fight
