# Butterfly

## George

Goodbye is what she said
When she said im sorry
And I, Im dying on the inside
'cause i tried but I cant hide the tears
That fall from my eyes
Hold me close one more night
Hold me close one more time
Hold me close 'cause Im dyin on the inside
A butterfly
Hello with a little wink
But what she think of me
And oh she smiled
Give me her name
But who would have thought i would be crying here

With all this pain no no
Hold me close one more night baby
Hold me close one more time (just give me one more time my baby)
Hold me close 'cause Im dyin on the inside
A butterfly
Now theres nothing I can do and
Theres nothing I can say
About losing you
I wish that I could find a way, wish that I could see you again
If only I could turn back time
Hold me close one more night...
Hold me close one more time..
Hold me close 'cause Im dyin on the inside (dying on the inside)
A butterfly....
