Party Of One

Tarby

Waiter said this table's set for three
Well, that's too bad 'cause no one's joining me
Maybe I prefer to dine alone
What you don't understand about a party of one?
I used to keep a lot of people around
Who had their hands over my eyes, ears and mouth
Just like the money and the buzz
They were gone in the morning, now I'm a party of one
Want to get away on a holiday
So I packed my bags and I flew away
I'm in the air and I'm so turned on
Honey, can't you see I'm a party of one?
I used to keep a lot of people around
Who had their hands over my eyes, ears and mouth
Just like the money and the buzz
They were gone in the morning
These days I wake up and there's no one in sight
Sometimes it gets so lonely I don't mind
I live alone but at least my roommate knows me
I'm a party of one

Don't get too comfortable 'cause you gotta go
You have some nerve showing up here, oh
(Na, na, na, na, na, na, na, na)
Oh, talk to the hand
(Na, na, na, na, na, na, na, na)
Talk to me on my level
(Na, na, na, na, na, na, na, na)
I used to keep a lot of people around
Who had their hands over my eyes, ears and mouth
Just like the money and the buzz
They were gone in the morning
These days I wake up and there's no one in sight
Sometimes it gets so lonely I don't mind
I live alone but at least my roommate knows me
Now I'm a party of one
I'm a party, help me, no
I'm a party of one
Help me out of this box

Get me out of here
I'm a party of one
