

# Face To Face

## Stanfour

You can't stop fuckin' with my head  
Stop fuckin' with my head  
Don't tell me now with a smile on your face  
That you're lost  
Down and out  
When there was nothin' left in me  
You can't stop fuckin' with my head  
Stop fuckin' with my head  
My silence you break  
The smile that you fake  
(You fake)  
There's not one thing that you can say to make it right  
Unless you say, "I'm leavin'"  
And if you're not  
Then please tell me why, please tell me why, you can't  
Save face  
Say it to my face  
Can I take all the filth in your head  
All the words that you said  
(That you said)  
And throw it away  
(Throw it out)  
You can't stop fuckin' with my head  
Stop fuckin' with my head  
My silence you break  
The smile that you take away  
There's not one thing that you can say to make it right  
Unless you say, "I'm leavin'"  
And if you're not  
Then please tell me why, please tell me why  
There's not one thing that you can say to make it right  
Unless you say, "I'm leavin'"  
And if you're not  
Then please tell me why, please tell me why you can't, say  
That shit you're talkin' don't mean nothin' to me anymore  
Limp dick, you fuck stick, let's settle the score  
Run and hide you know I'll find you anywhere  
Motherfucker, two faced prick with hell to pay  
What's real is real, it's time to step up to the plate again

Swing batter-batter, swing batter-batter, swing  
What's real is real, it's time to step up to the plate again  
Swing batter-batter  
Fucked me for the last time  
Just take your swing  
C'mon, you shit fucker now, swing  
Just take your swing  
There's not one thing that you can say to make it right  
Unless you say, "I'm leavin'"  
And if you're not  
Then please tell me why, please tell me why  
There's not one thing that you can say to make it right  
Unless you say, "I'm leavin'"  
And if you're not  
Then please tell me why, please tell me why you can't  
Swing  
Just take your swing  
Fuck you  
Just take your swing  
You can't stop fuckin' with my head  
Stop fuckin' with my head
