Show Me the Way

Chicago

Flying so high
Feeling so low
Fill my empty heart
Don't say noCan I get through this night, with some lovin' to show?
Won't you show me the way to go? I don't knowWon't you open your eyes?
I know you really care
You see these games you play
They're just not fairAfter all the good times and secrets we've shared
Won't you show me the way to go? I don't knowI wanna take my place
I wanna take my place
I wanna take my place with the loved ones
With the loved onesWell, I still can't see
How things were meant to be
Love me even for one day
I'll treat you like a ladyIn my heart you'll stay forever you know
Won't you show me the way to go? I don't knowMarching into your heart
Marching into your heart
Marching into your heart, yeah, yeah
...
