# Snail Hook

## Orange Goblin

A sublime gesture from an insane mind
Majestic fairy spreads her wings to fly
Levitation takes my blues away
I see her sunrise bring another day, oh yeahA porpoise sunrise in a turquoise land
A purple turtle with his head in sand
The sweet sensations of the neon sun
My psychedelic dream has just begun, oh yeahAnimated romance at the rainbow's end
Riding on a mushroom as my soul transcends
I can chase the planets, set the moon on fire
Snail hook is rising, takes your body higherAs masses gather on the hill of dreams
Patiently waiting for Horizon Queen
She arrives upon a mushroom cloud
A million snails scream their fears aloudMedieval soldiers surf a lake of wine
A silver spaceship flies inside my mind
Galactic mountains grow inside my brain
The Insect Kingdom's driving me insane
