

Fairytale

Court Yard Hounds

Every girl wants a fairy tale
I guess I do too
We're restless, we're young
With so much to prove
You ask me to wait
But wait, I won't do
'Cause the time I've been wasting
I could be spending with you
Take me, we'll runaway
Out of this town till it fades
And they'll say we're wrong
But with you I'm alright, either way
Money can burn
And money can talk
But its love that makes the girl
Get up and walk
All I want is my turn

Yeah, I could be happy
Just living to learn
So take me, we'll runaway
Out of this town till it fades
And they'll say we're wrong
But with you I'm alright, either way
Take me, we'll runaway
Out of this town till it fades
And they'll say we're wrong
But with you I'm alright, either way
We'll runaway
I can't take this town one more day
And they'll say we're wrong
But with you I'm alright, either way
Every girl wants a fairy tale
I guess I do too
