

# Singles Night

Paul Millns

Lately, baby, you make me feel  
Like I'm not a priority  
Frankly, baby, to treat me this way  
Who gave you the authority? It's not supposed to feel like this  
And I refuse to feel like this  
Do I have to mention the lack of attention  
That you've been showing me? Say, you wanna leave, go  
Calling my girls to let 'em know  
Warned you 'bout me from the go  
I won't take this, hell no If your Kickin' with your boys tonight  
I'm alright, it's singles night  
(Just go)  
I'm gettin' crazy with my girls tonight  
And I'm alright, it's singles night  
(Just go) If you don't feel like coming back again  
Don't think again, stay with your friends  
(Just go)  
I'm gettin' crazy with my girls tonight  
And I'm alright, it's singles night  
(Just go) So, go, do what you do, that's cool with me  
If that's cool with you  
So don't, I won't, come home at three  
I'll be at the party From now on it will be like this  
You rolled the dice, you took a risk  
I won't ever mention the lack of affection  
That you've been giving me Say, you wanna leave, go  
Calling my girls to let 'em know  
Warned you 'bout me from the go [unverified]  
I won't take this, hell no If your Kickin' with your boys tonight  
I'm alright, it's singles night  
(Just go)  
I'm gettin' crazy with my girls tonight  
And I'm alright, it's singles night  
(Just go) If you don't feel like coming back again  
Don't think again, stay with your friends  
(Just go)  
I'm gettin' crazy with my girls tonight  
And I'm alright, it's singles night  
(Just go) Here's to all the times you never listened to me

Never listened to me  
Here's to all the times that you've been lying to me  
You've been lying to me If your Kickin' with your boys tonight  
I'm alright, it's singles night  
(Just go)  
I'm gettin' crazy with my girls tonight  
And I'm alright, it's singles night  
(Just go) If you don't feel like coming back again  
Don't think again, stay with your friends  
(Just go)  
I'm gettin' crazy with my girls tonight  
And I'm alright, it's singles night  
(Just go) If your Kickin' with your boys tonight  
I'm alright, it's singles night  
(Just go)  
I'm gettin' crazy with my girls tonight  
And I'm alright, it's singles night  
(Just go) If you don't feel like coming back again  
Don't think again, stay with your friends  
(Just go)  
I'm gettin' crazy with my girls tonight  
And I'm alright, it's singles night  
(Just go)
