

White Trash

Brides Of Destruction

you won't get satisfaction
I was born into action
saluting all your rejection
rejection, rejection, rejection
(yeah) did I infect your infection
(yeah) did I become your reflection
(yeah) did I confess your confession
(yeah), (yeah), (yeah)

chorus

(white trash) so you say your not a white trash
(white trash) think you seen enough yeah
(white trash) razorblade oh yeah
(white trash) so you say your not a white trash yeah what you think about that, what you think about that, what
you think about that, what you think about
that, that, that

verse

you won't change me
I will die into action

saluting all your rejection
rejection, rejection, rejection
(yeah) did I become your infection
(yeah) did I reflect your reflection
(yeah) did I confess your confession
(yeah), (yeah), (yeah)

chorus then guitar solo

(white trash) so you say your not a white trash
(white trash) think you seen enough yeah
(white trash) razorblade oh yeah
(white trash) so you say your not a white trash
white trash) so you say your not a white trash
(white trash) think you seen enough yeah
(white trash) razorblade oh yeah
(white trash)so you think your not a white trash yeah what you think about, white trash yeah what you think
