

We Are the Devil

Drowning Pool

Don't tell me how to live
Cover your own ass and hide your kids
Yeah Stop, drop, down on all fours and touch your tongue to the floor
Stop, drop, down on all fours, oh my Lord, oh my Lord We are the devil, devil, devil
We are the devil and life is hell
We are the devil, devil, devil
We are the devil and life is hell Don't tell me how to die
Cover your own grave and cry, cry, cry
Yeah Stop, drop, down on all fours and touch your tongue to the floor
Stop, drop, down on all fours, oh my Lord, oh my Lord
We are the devil, devil, devil
We are the devil and life is hell
We are the devil, devil, devil
We are the devil and life is hell Hey devout (hey devout)
When you time runs out (when you time runs out)
There's a second thought (there's a second thought)
And a moment of doubt (And a moment of doubt) Stop, drop, down on all fours and touch your tongue to the
floor
Stop, drop, down on all fours, oh my Lord, oh my Lord We are the devil, devil, devil
We are the devil and life is hell
We are the devil, devil, devil
We are the devil and life is hell We are the devil, devil, devil
We are the devil and life is hell
We are the devil, devil, devil
We are the devil and life is hell
We are the devil and life is hell
We are the devil and life is hell
We are the devil and life is hell
We are the devil and life is hell
We are the devil and life is hell
