## Way Too Far

## Korn

Here it comes Once again 'Irrational' I give in Paranoia Expands within Little voices start to begin: Everyone's out to take your joy away Constantly scheming to keep us at bay Everyone's plotting and they are just taking You must make it stop Make them pay Sometimes I just take things Way Too Far Irrational feeling I just try too hard 'cause What goes up, must come down The problem is I have no bounds 'cause Sometimes I just take things Way Too Far Reality is surreal Wretchedness is all I feel Now its really just a way

God, I hear the voices say: Everyone's out to take your joy away Constantly scheming to keep us at bay Everyone's plotting and they are just taking You must make it stop Make them pay Sometimes I just take things Way Too Far Irrational feeling I just try too hard 'cause What goes up, must come down The problem is I have no bounds 'cause Sometimes I just take things Way Too Far Wooohoooo! Wooohoooo! Wooohoooo! Woooohooooo! Sometimes I just take things Way Too Far

Irrational feeling
I just try too hard 'cause
What goes up, must come down
The problem is I have no bounds 'cause
Sometimes I just take things Way Too Far
