

# My Reason

## Demis Roussos

I sing to you ma jeune filleA sense of main is deep in meI hope you like the sound of my musique (Musique)I  
saw you pass by on the walkAnd couldn't find the words to talkSo I will turn my feelings on musique  
(Musique)I give you des chansons d'amourFrom ancient worlds and old folkloreWith memories and sounds of  
my musique (Musique)Just walk beside me hand in handTo my mediterranean land,Listening to the voice of my  
musique (Musique)I saw you smile inside and clear my wayYour eyes reflecting sunlight in my heartYou look  
so happy, girlfriend, and so gaySo close to me and yet so far apartI felt if I could take your handThat you would  
really understandThe reason I sing ma chanson d'amourI sing to you ma jeune filleA sense of main is deep in  
meI hope you like the sound of my musique (Musique)I saw you pass by on the walkAnd couldn't find the  
words to talkSo I will turn my feelings on musique (Musique)I give you des chansons d'amourFrom ancient  
worlds and old folkloreWith memories and sounds of my musique (Musique)Just walk beside me hand in  
handTo my mediterranean land,Listening to the voice of my musique (Musique)I saw you smile inside and clear  
my wayYour eyes reflecting sunlight in my heartYou look so happy, girlfriend, and so gaySo close to me and  
yet so far apartI felt if I could take your handThat you would really understandThe reason I sing ma chanson  
d'amourOhohoho...Ohohoho...Ohohoho...
